| <i>Guest Verification</i>   | √ |
|---|---|
| I understand I must call 911 in an emergency (or 630-252-1911 from a cell phone).   |   |
| I understand where to go in the event of a fire alarm, or tornado alarm. I also understand I should not attempt to fight a fire myself. |   |
| I have read and understand the policies on electrical devices, and electrical work.   |   |
| I understand that I must abide by the rules outlined in my ESAF, and any accompanying SOPs.   |   |
| I understand and will abide by the rules outlined for chem lab use.   |   |
| I know where to find PPE, and where the emergency shower and eyewash are located.   |   |
| I understand the policies for shipping and for handling chemical waste.   |   |
| I understand the purpose and use of emergency beam stops and the auxiliary door control in the experimental hutches.                    |   |
| I understand how to properly conduct a search-and-secure of the experimental hutch.   |   |
| I understand the APS policy for radiation shielded equipment.   |   |
| I understand the additional general safety guidelines outlined in the online sector orientation.  |   |
| I understand the PPE requirements for working with liquid nitrogen.   |   |
| I will abide by the Spectroscopy Group acknowledgement policy for publishing my work.   |   |
